NEGRO PREACHER IS SHOT TO PIECES BY UNKNOWN PARTIES

HORTON FOUND DEAD WITH THIRTY-SEVEN BULLET HOLES IN HIS BODY.

Jim Horton, a negro preacher and organist, was found dead with 37 bullet holes in his body near the old home of the Virginia-Carolina Chemical Company early yesterday morning. His slayers are unknown. Coroner J. J. Hollins went to the scene after investigating the death. About results, the case was turned over to Sheriff H. C. Horton was supposed to have been taken to the scene in a hack, as the police indicate and after reaching the point near the plant was killed. Fifteen empty cartridges were found at the scene and the bodies of thirteen of them entered the body of the negro. The death of the mystery surrounding the death of the organist has been unexplained. His wife states that he left home late Saturday afternoon to go to work and after being paid off and the organist paying him states that he left his office about 7 o'clock. Nothing else was seen of him until the dead body was found Sunday morning. He had \$2.51 in his pocket and robbery is not supposed to be the motive of his slaying.

Mrs. J. C. Oliver, mother of the boy who was killed, said she had been suffering with kidney trouble for several months when she took Foley Kidney Pills and the third day after taking them she was cured. She recommended Foley Kidney Pills to all who suffer with kidney trouble and she is now from her experience that they are the best for sale by N. H. McCullum, Dothan, Ala.

GRACE UNDECIDED ABOUT BEING OPERATED ON

INSURANCE AGENT ADDS ANOTHER CHAPTER TO MISADVENTURES

Atlanta, Ga., March 11.—Judge H. Grace probably will be operated on next Tuesday afternoon for the removal of the tumor which has sequestered his spinal cord and now has embedded in the spinal column. This decision was reached today by the physicians, Doctors Turner and Bailey of Newnan, Ga. Judge Grace is not fully decided whether he will undergo the operation. Several days ago he insisted on such a procedure, but his improved condition changed his opinion and he is now considering taking a course of treatment with the tumor kept in his system.

Mrs. Daisy Opie Grace, accused by her husband of firing the shot in the forehead to get rid of him and securing his life insurance of \$75,000, today moved from her quarters at a hotel to a private home on West End. She will remain here in seclusion until the date of her trial, which is before, April 16.

C. C. Foster, an insurance agent, added another chapter to the controversy when he published in his review how and how it had been published between Grace and his wife. He said each of them had out \$2,000 in insurance made payable to each other. According to the review, his wife had out \$1,000 in insurance made payable to her husband. He said that he had told her to see him on April 1st when he would take her to the hospital to be operated on. SAMMY SAYS GOODBYE

But It's Only For A Few Months For He's Coming Back in The Fall

To my many friends in Dothan and this territory, I wish to say that it will be impossible to see them in person before sailing for the old country and I take this method of bidding good bye to them for a few months. I will return home the coming fall.

The people I am leaving behind feel close to me for they have been good to me and I have tried to live in a manner that would merit their confidence and esteem. I will be thinking of my friends and family all the time and will write to them as soon as I can.

My friends, I am leaving behind me a lot of love and a lot of hope. I will be thinking of my friends and family all the time and will write to them as soon as I can.

OVER 400,000 MINERS ARE ON STRIKE NOW

WILL START TO WORK AGAIN WHEN WAGE AGREEMENT IS RATIFIED

Dothan, Ala., March 11.—No minimum in coal mines and will be taken from the index of the country tomorrow by union miners as a result of the so position which went into effect tonight. More than 400,000 miners about 1,000 in the industrial field and about 50,000 in the bituminous coal field are on strike which will probably last only a few weeks. Discontent from the miners will have a minimum and others it work to protect the miners from flooding in other troubles due to a shut down of the industry.

The bituminous miners will have only four months for the wage agreement reached in the land to be ratified by the miners by a referendum vote as it is believed by the union that it is a referendum by the majority of the union. The suspension in the bituminous index will be of longer duration as a agreement has been reached by the union and operators.

Conference April 10.

After negotiation was held in New York on March 11 between the union and operators, neither side was satisfied with the result. The union is still in the strike and the operators are still in the strike.

Before the strike miners were by the bituminous miners. It is said that the union will be out of the country in the National President J. P. White and other officials to the bituminous miners. It is said that the union will be out of the country in the National President J. P. White and other officials to the bituminous miners.

Now that the bituminous miners and operators have agreed on a wage contract for the next two years it is believed that the bituminous miners will soon be settled when the union and operators get together in Philadelphia. The demands made by both branches of the coal miners were somewhat similar and it is thought that the bituminous miners will compromise on practically the same terms as have been agreed to by the bituminous miners.

NOT ALL AGREED

The suspension does not affect all of the miners in the south as the union is not so strong. Only of the Ohio River is in the Western states. The union of Wyoming, Washington, Colorado and Montana will not be affected because the union contracts in those states do not expire April 1.

If the bituminous miners will not get along even this time, the union and the operators will have a new battle in the coal industry for the country of bituminous coal for a month.

No formal order was issued by the bituminous miners. The union is still in the strike and the operators are still in the strike.

VOTING HEAVY IN HOUSTON COUNTY 501 VOTES CAST

The state primary in Houston County will be a heavy day for the day it is thought. By two o'clock this afternoon the voting had been fairly well along and the voting has been fairly well along during the day. The returns will not be known until a late hour this evening.

By the fact that a large number of names of candidates for both county and state are on the tickets and it will take some time to get the count. The polls will close at 6 o'clock in the evening and the returns will be in the morning.

While it can be judged as to who will get the most votes at the polls, it can be judged as to who will get the most votes at the polls. The county officers are being hard fought and it does not seem that any one candidate will have a walkover. There is however a heavy opposition.

Very truly yours, N. H. McCullum, Dothan, Ala.

WILKINSBURG NEWS

J. H. Watson and H. C. McInnes went down to Geneva Thursday on business.

Cole Stenath (Lafayette) led in the unfortunate in the shot the first of the week. It seems that a crooked went down to see him concerning some chickens which the negro claims Mr. Stenath had stolen from him. It seems that a number of Stenath had closed the matter out and old the chicken to the Stenath. Stenath told the news that if he would pay him his money back that he would give him his chickens but he refused and also charged Stenath with stealing. A guano distributor from him. This Mr. Stenath proved to be untrue. After some words the negro began shooting him firing three shots one ball taking effect in the shoulder but not seriously wounding him. After this the negro ran away and has not been found.

J. W. Collins and family returned from near Malvern Thursday morning where they had been to attend the funeral of Mrs. J. W. Red sold.

A serious shooting affray occurred in the Kinross community Sunday morning from the effects of which Will McGowan died Tuesday morning and Malvern Kelly and his brother Doss Kelly were injured. Details are very meagre. It seems that All McLaney a half brother of the Kellys was killed by Ernest Driver and Will McGowan and given a severe beating. In case of some reports that had been circulated about them. McGowan sent for his brother to come and when they started they met McGowan and Driver. McGowan raised row with Chas. McLaney, cousin, and attempting to cut him when he advanced on him. Chas. McLaney knocked him down and McGowan shot him with his pistol missing him however. The Kelly boys immediately shot him hitting him twice once in the leg and the other time in the back from three wounds McGowan died Tuesday morning.

The Kelly boys and McLaney boys were good boys having never been in any serious trouble before.

Will McGowan and Driver were brother in law. The preliminary hearing was to have been at Hartford Friday but the waived it over to the action of the grand jury which meet in Dothan Tuesday.

A. E. Davis left Ala. with the opinion of Judge's Hoxby and the company in the light of a recent decision and the grand jury and could not find a verdict. I have found it is clear in cases of colds and laryngitis.
